VAALCO ENERGY, INC.

PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD WEDNESDAY, JUNE 4, 2003

This Proxy Statement is furnished to the record holders of common stock, par value \$0.10 per share ("Common Stock") and Convertible Preferred Stock, Series A, par value \$10.00 per share ("Preferred Stock") of VAALCO Energy, Inc. (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies to be used at the annual meeting ("Meeting") of stockholders to be held on Wednesday, June 4, 2003 at 10:00 a.m. at the headquarters of the Company, 4600 Post Oak Place, Suite 309, Houston, Texas 77027, and any adjournment thereof.

Matters to be Considered at the Meeting

Unless otherwise indicated, proxies in the form enclosed that are properly executed, duly returned and not revoked will be voted in favor of:

- (1) The election of the Class II director nominees to the Board of Directors named herein; and
- (2) The ratification of the appointment of Deloitte & Touche as the independent public accountants to audit the Company's accounts for the fiscal year ended December 31, 2003.

The Board of Directors is not presently aware of other proposals that may be brought before the Meeting. In the event other proposals are brought before the Meeting, the persons named in the enclosed proxy will vote in accordance with what they consider to be in the best interests of the Company and its stockholders.

Proxies in the form enclosed, properly executed by stockholders and received in time for the Meeting, will be voted as specified therein. If a stockholder does not specify otherwise, the shares represented by his or her proxy will be voted FOR the nominees for election of directors as listed herein and FOR ratification of Deloitte & Touche as the independent public accountants to audit the Company's accounts for the fiscal year ending December 31, 2003. The giving of a proxy does not preclude the right to vote in person should the person giving the proxy so desire. Any proxy may be revoked at any time before it is exercised by delivering written notice of revocation to the Company at or prior to the Meeting, by duly executing a proxy bearing a later date or by voting in person at the Meeting. The mailing address of the Company's principal executive offices is 4600 Post Oak Place, Suite 309, Houston, Texas 77027 (Tel. No. 713/623-0801). This Proxy Statement is being mailed on or about April 21, 2003 to holders of record of Common Stock and Preferred Stock at the close of business on April 11, 2003 (the "Record Date").

Voting and Quorum Requirements

At the close of business on the Record Date, there were outstanding and entitled to vote 21,216,649 shares of Common Stock and 10,000 shares of Preferred Stock. A complete list of all stockholders entitled to vote at the Meeting will be open for examination by any stockholder during normal business hours for a period of ten days prior to the Meeting at the Company's headquarters.

The holder of the Preferred Stock has the right to vote as a class with the holders of Common Stock on all matters submitted to a vote of the holders of Common Stock on an "as converted basis." Accordingly, with respect to all matters to come before the Meeting, other than the election of the Preferred Stock Nominee (as defined below), each share of Common Stock entitles the holder to one vote, and each share of Preferred Stock entitles the holder to 2,750 votes so that, as of the Record Date, 48,716,649 shares of Common Stock are deemed to be outstanding and entitled to vote at the Meeting. In addition, the Certificate of Incorporation of the Company

2

provides that one director in each class of directors shall be a designee (a "Preferred Stock Nominee") of the holders of the Preferred Stock. Accordingly, the holder of the Preferred Stock, voting separately as a class, is entitled to vote for a Preferred Stock Nominee. With respect to the election of a Preferred Stock Nominee, each share of Preferred Stock entitles the holder to one vote. All holders of record of Common Stock or Preferred Stock on the Record Date shall be entitled to vote at the Meeting.

Regarding the election of directors, the enclosed form of proxy provides a means for stockholders to vote FOR the nominees as directed therein, to withhold authority to vote for one or more of the applicable nominees or to withhold authority to vote for all of the applicable nominees. When a proxy votes for one matter, but indicates that the holder does not have the authority to vote on other matters it is referred to as a "broker non-vote". With respect to other proposals to be voted upon, stockholders may vote in favor of a proposal, against a proposal, or may abstain from voting. Unless a holder of Common Stock or Preferred Stock who withholds authority votes in person at the meeting or votes by means of another proxy, the withholding of authority will have no effect upon the election of those directors for whom authority to vote is withheld because the Company's By-laws provide that directors are elected by a plurality of the votes cast. Abstentions and broker non-votes have no effect on determinations of plurality except to the extent that they affect the total vote received by any particulate candidate.

The affirmative vote of the holders of at least a majority of the issued and outstanding shares of Common Stock and, on an as converted basis, the Preferred Stock, voting together as a class present or represented and entitled to vote at the Meeting is required for the ratification of the appointment of auditors for the current fiscal year. With respect to the ratification of the appointment of auditors, abstaining shares will be considered present at the Meeting for this matter so that the effect of abstentions will be the equivalent of a "no" vote. With respect to broker non-votes, the shares will not be considered present at the Meeting for this matter so that broker non-votes will have the practical effect of reducing the number of affirmative votes required to achieve a majority vote by reducing the total number of shares from which the majority is calculated.

The holders of a majority of the issued and outstanding Common Stock together with, on an as converted basis, the issued and outstanding Preferred Stock, entitled to vote at the Meeting, present in person or represented by proxy, constitutes a quorum for purposes of the Common Stock. The presence in person or by proxy of the holders of record of one-third of the total number of shares of Preferred Stock then outstanding and entitled to vote shall be necessary and sufficient to constitute a quorum of holders of Preferred Stock. Broker non-votes and abstentions count towards the establishment of a quorum. At the Meeting or at any adjournment thereof, the absence of a quorum of the

holders of shares of Preferred Stock shall not prevent the election of directors other than those to be elected by the holders of shares of Preferred Stock, and the absence of a quorum of the holders of shares of the Common Stock shall not prevent the election of directors to be elected by the holders of shares of Preferred Stock.

PROPOSAL 1.

ELECTION OF DIRECTORS

Nominees

Pursuant to the Company's Restated Certificate of Incorporation, the Board of Directors is divided into three classes. Directors are elected for staggered three-year terms and hold office until their successors are duly elected and qualified. The term of the Class I directors, currently comprised of Messrs. Nielsen, Scheirman and Tucker, expires in 2005. The term of the Class II directors, currently comprised of Messrs. Walston, Allen and Long, expires at the Meeting. The term of the Class III directors, currently comprised of Messrs. Gerry and Grist, will expire at the 2004 annual meeting of shareholders.

The Class II nominees for election at the Meeting, other than the Preferred Stock Nominee, are Messrs. Walston and Allen. These nominees will be elected by both the holders of the Common Stock and, on an as converted basis, the holder of the Preferred Stock. The holders of the Common Stock and the Preferred Stock will vote together as a class.

The Company's Certificate of Designation, pursuant to which the Preferred Stock was issued on April 21, 1998, provides that the holders of the Preferred Stock have the right to appoint three directors to the Company's Board of Directors, voting together as a class. Messrs. Tucker, Long and Grist were elected as directors by the holders of the Preferred Stock as Class I, Class II and Class III directors, respectively. Each director elected by the holders of shares of Preferred Stock shall, unless his term shall expire earlier in accordance with the provisions thereof, hold office until the annual meeting of stockholders at which directors of the class to which he has been elected stand for election or until his successor, if any, is elected and qualified. Mr. Long, whose term expires at the Meeting, has been nominated as the Class II Preferred Stock Nominee (together, with Messrs. Walston, and Allen, the "Nominees").

If any director elected by the holders of Preferred Stock shall cease to serve as a director before his or her term shall expire (except by reason of the termination of the voting rights accorded to the holders of Preferred Stock in accordance with the Certificate of Designation), the holders of the Preferred Stock then outstanding and entitled to vote for such director may, by written consent, elect a successor to hold office for the unexpired term of the director whose place shall be vacant. Any director elected by the holders of shares of Preferred Stock voting separately as a single class may be removed from office with or without cause by the vote or written consent of the holders of at least a majority of the outstanding shares of Preferred Stock, at the time of removal.

It is intended that all shares of Common Stock and Preferred Stock represented by the proxies will be voted for the election of the Nominees, except where authority to vote in the election of directors has been withheld. Should the Nominees become unable or unwilling to serve as directors at the time of the Meeting, the person or persons exercising the proxies will vote for the election of substitute Nominees designated by the Board of Directors, or the Board of Directors may choose to reduce the number of members of the Board of Directors to be elected at the Meeting in order to eliminate the vacancy. The Nominees have consented to being nominated and have expressed their intention to serve if elected. The Board of Directors has no reason to believe that the Nominees will be unable or unwilling to serve if elected. Only the Nominees or substitute Nominees designated by the Board of Directors will be eligible to stand for election as directors at the Meeting. See "Stockholders' Proposals for Next Annual Meeting" for a description of when the names of director nominees for next year's annual meeting must be submitted.

Directors and Executive Officers

The following table provides information with respect to the Nominees, all current directors and all present executive officers of the Company. Officers, directors and greater than ten percent stockholders are required by the SEC's regulations to furnish the Company with copies of all Section 16(a) forms they filed with the SEC.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2002, the Company's officers, directors and greater than ten percent stockholders complied with all Section 16(a) filing requirements.

8

Information Concerning the Operation of the Board of Directors

The business of the Company is managed under the direction of the Board of Directors. The Board of Directors meets on a quarterly basis to review significant developments affecting the Company and to act on matters requiring

Board approval. The Board of Directors may also hold special meetings when an important matter requires Board action between regularly scheduled meetings. Directors are not compensated for service on the Board of Directors or any committee thereof. During 2002, the Board of Directors of the Company met formally two (2) times and executed two (2) unanimous consents. All of the Company's directors attended the meetings of the Board of Directors.

In order to facilitate the various functions of the Board of Directors, the Board of Directors has created a Compensation Committee comprised of T. Michael Long and Lawrence C. Tucker, both of whom are non-employee directors. The Compensation Committee establishes and approves the terms of employment of executive officers and reviews and approves management's recommendations concerning compensation of certain other employees. During 2002, the Compensation Committee held one meeting. All directors who were members of the Compensation Committee were present at the committee meeting. The Company does not have a nominating committee.

Audit Committee Report

The Audit Committee assists the Board of Directors in fulfilling its responsibility for overseeing the quality and integrity of the Company's accounting, auditing and financial reporting practices. In carrying out this responsibility, the Audit Committee (i) reviews with the Company's independent auditors the scope of the annual audit, (ii) reviews the independent auditors' management letter and (iii) meets with the Company's internal auditors. The Board of Directors has not adopted an audit committee charter. The Audit Committee is comprised of Mr. Allen (Chairman), Mr. Nielsen and Mr. Grist. The board of directors believes that the members of the Company's Audit Committee are independent based on the definition of independence in the New York Stock Exchange's listing standards. During 2002, the Audit Committee held one meeting at which all members were present. Mr. Allen was appointed to the Committee in January 2003.

The Company's management is responsible for preparing the Company's financial statements and implementing its internal accounting controls. Deloitte & Touche, LLP ("Deloitte & Touche") the Company's independent public accountants, are responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles. In carrying out its responsibility to oversee these processes, the Audit Committee has reviewed the audited financial statements in the Company's Annual Report for the year ended December 31, 2002 and discussed these financial statements with management and Deloitte & Touche. The Audit Committee's discussions with management and Deloitte & Touche included a review of the quality of the accounting principles used to prepare the Company's financial statements. The Audit Committee also discussed with Deloitte & Touche such other matters as are required to be discussed with the Company's independent auditors under generally accepted auditing standards, including Statement on Auditing Standards No. 61.

Audit Fees. For the year ended December 31, 2002, the aggregate fees billed to the Company by its principal accounting firm, Deloitte & Touche, for services related to Deloitte & Touche's audit of the Company's financial statements and reviews of its Form 10-QSBs for 2002 were \$103,200.

Financial Information Systems Design and Implementation Fees. The Company was not billed any amounts during 2002 by Deloitte & Touche for operating or supervising its information system, or designing a hardware or software system that aggregates data for, or generates information that is significant to, the Company's financial statements.

All Other Fees. The aggregate amount of all other fees Deloitte & Touche billed to the Company during 2002 was \$124,300 including \$91,000 for audit fees for the 2001 audit not billed until 2002.

9

After reviewing the non-audit services provided by Deloitte & Touche and engaging in discussions with Deloitte & Touche regarding their independence, the Audit Committee determined that the non-audit services provided to the Company by Deloitte & Touche were not inconsistent with Deloitte & Touche's status as independent auditors. The primary non-audit service provided by Deloitte & Touche was the preparation of the Company's tax returns. The Audit Committee has received the written disclosures and the letter from Deloitte & Touche required by Independence Standards Board Standard No. 1.

Based on its reviews of the Company's audited financial statements and the discussions with management and Deloitte & Touche described above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2002 for filing with the SEC.

Certain Relationships and Related Transactions

On April 21, 1998 VAALCO consummated the acquisition of 1818 Oil Corp. from the Fund in exchange for 10,000 shares of Preferred Stock. The Preferred Stock is convertible into 27.5 million shares of VAALCO Common Stock. In connection with the acquisition of 1818 Oil Corp., the Company issued to the Fund Common Stock and Preferred Stock which votes as a class with the Common Stock on an as converted basis. This Common Stock and Preferred Stock represents approximately 64% of the outstanding voting power of the Company on an as converted basis (excluding options and warrants). In addition, the terms of the Preferred Stock acquired by the Fund provide that while the Preferred Stock is outstanding, the holders of Preferred Stock, voting together as a class, are entitled to elect three directors of the Company. Messrs. Grist, Long and Tucker were appointed to the Board of Directors as the Fund's nominees.

To fund a portion of its share of the development costs of the Etame Field offshore Gabon, on April 19, 2002 the Company entered into a \$10.0 million credit facility with the International Finance corporation ("IFC"), a subsidiary of the World Bank. The IFC credit facility required that the Company provide \$10.0 million of cash collateral to secure borrowings under the facility. The Company borrowed the \$10.0 million that is used as cash collateral for the IFC loan from the 1818 Fund II, L.P., which owns approximately two-thirds of the Company's Common Stock on a fully diluted basis. In connection with the 1818 Fund loan, the Company issued warrants to purchase 15.0 million shares of its Common Stock to the 1818 Fund (9.75 million of these warrants terminated when the loan was repaid on April 1, 2003). The loan agreement was subsequently amended to add an additional lender not related to the company, and to increase the amount the Company was entitled to borrow under the facility to \$13.0 million. After the other lender was added, the Company had borrowed \$10.0 million under the loan, \$7.0 million funded by the 1818 Fund II, L.P. and \$3.0 million by the other lender. The Company issued the other lender warrants to purchase 4.5 million shares of Common Stock on the same terms as the warrants issued to the 1818 Fund II, L.P. (2.25 million of these warrants terminated when the loan was repaid on April 1, 2003).

The IFC loan provided that when the Etame Field reached the "project completion date" the \$10 million would be released from escrow and returned to the Company. The project completion date occurred on March 31, 2003, at which time the \$10 million was returned to the Company. The Company used the \$10 million cash collateral released from escrow under the IFC loan to repay the loan from the 1818 Fund II, L.P. and the other lender.
